PART D

Your prescription drug benefits

You'll pay different amounts for your covered drugs based on what level of "Extra Help" you receive.

WHAT'S COVERED		WHAT YOU PAY
Initial Coverage Limit You'll pay this much for each drug until you've paid \$2,100 per year .	Tier 1: Preferred Generic	\$0
	Tier 2: Preferred Brand Tier 3: Non-Preferred Tier 4: Specialty	25% coinsurance
Catastrophic Coverage After your yearly out-of-pocket drug costs (including drugs purchased through retail pharmacy and mail order) reach \$2,100, you pay nothing for all covered drugs.		\$0

For more info on what drugs we cover, see our covered drug list (also called a formulary). You can find it online at bluecareplus.bcbst.com/pharmacy. Or just give us a call.

Important things to know

We want to make using your pharmacy benefits as easy as possible. And that means helping you get to know some ins and outs of your Medicare Part D prescription drug coverage.

1

How We Provide Your Coverage

You may hear from CVS.

CVS Caremark® helps us manage your prescription drug coverage. They may contact you from time to time, so please open any mail you get from them as if it were from us.

We may also mention CVS if you need to do something with them. This doesn't mean you have to use a CVS Pharmacy®. You have many choices for nearby pharmacies in our network. This includes mail order, local pharmacies, national retail drugstores and many grocery store pharmacies.

2

Our Pharmacy Network

Just like with providers, your plan has a pharmacy network. In most cases, we cover your prescription drugs only if they're on our drug list and you fill them at a network pharmacy or through our mail order pharmacy service.

3

Generic vs. Brand Name Drugs

According to the U.S. Food and Drug Administration (FDA), a generic drug is an approved drug that has the same active ingredients as the brand name drug.

4

What Are Prior Authorization and Step Therapy?

Prior authorization means you'll need to get approval from us before we'll cover the drug for you. If you don't get this approval, we might not cover your drug. Step therapy means you may need to try a different drug to treat the same condition before we'll cover another drug. For more information, refer to the Evidence of Coverage on bluecareplus.bcbst.com.

ONE CARD. MULTIPLE BENEFITS.

Your flex card

We help make it easier to get the things you need. We give you one prepaid card to use for multiple plan benefits.

If you haven't received your flex card yet, don't worry. You'll get it soon.

Over-the-Counter (OTC) Items and Transportation

You can get a **\$318 monthly allowance** for approved OTC items and transportation. This includes wellness products like vitamins and cold medicine. And it includes a transportation benefit through Uber Health.*

Healthy Food

Members with certain long-term health conditions may qualify for the Healthy Food benefit as part of our SSBCI. If you qualify, you can also use your combined **\$318** monthly allowance on approved healthy food items. That includes fruits, veggies, canned goods, dairy products and more. Not all members qualify for the Healthy Food SSBCI. Find more information about this benefit and how to qualify in your Welcome Kit. Or visit **bluecareplus.bcbst.com**.

Allowance doesn't roll over from month to month. Benefit limits, exclusions and eligibility requirements may apply. Please see your Evidence of Coverage for full details. Or give us a call.

*Transportation through Uber Health available to Medicare-covered benefit locations your TennCare (Medicaid) benefits don't cover.

DENTAL CARE

Your supplemental dental benefits

We want you to have a healthy smile. That's why we cover routine dental services — like cleanings, X-rays and exams — at no extra cost to you. We also give you a **\$3,000** yearly allowance for covered comprehensive dental services:

- › **Fillings**
- › **Extractions**
- › **Dentures**

This list is not all-inclusive. Benefit limits may apply. You can find more info on your dental coverage in the Dental Benefit Guide and your Evidence of Coverage. Or give us a call.

Give us a call before you have any dental treatment.
We can tell you if it will be covered.

HEALTH INSURANCE CARDS

Your ID cards

Here's a quick guide to what health insurance cards you might need to keep in your wallet.

1

Carry with you.

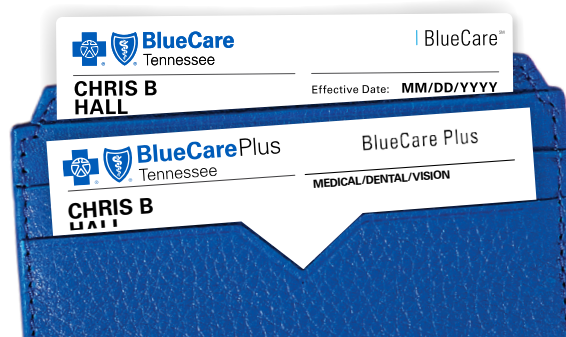

Your BlueCare Plus health plan should be your first (or primary) insurance now. That means you'll always show this ID card when you get care or pick up prescriptions.

2

Don't forget your flex card!

You can use your flex card for multiple plan benefits. So you'll want to carry it with you, too.

You don't have to carry these cards, but keep them in a safe place.

3

BlueCare Tennessee TennCare card

4

Original Medicare (or red, white and blue) card
